IDEA PART B FUNDS: CALCULATION FORMULA FOR AN APPROVED SCHOOLWIDE PROGRAM

This form is provided to assist the district in determining the amount of IDEA Part B funds which can be used to support an approved Schoolwide Program under Title I of the ESEA. A separate form should be completed for each schoolwide program in the district for which the district would intend to use IDEA Part B Funds. [IDEA 2004 Section 613(a)(2)(D)]

School District _____ Approved
Name Schoolwide Program _____ School Name

To calculate the amount of Part B entitlement funds which can be used by the district to assist in support of an approved Schoolwide Program, the district should do the following:

1. Identify the number of IDEA-eligible children with disabilities participating in the approved Schoolwide Program. _____.
2. Enter the amount of current-year Part B entitlement funds generated by the district.
_____.

(Districts participating in a cooperative may get this figure from the cooperative. Single district applicants should refer to their IDEA Application Approval/Amendment Form for the "Current-Year" entitlement amount.)

3. Identify the number of IDEA-eligible children within the district (use the most recent, verified, unduplicated child count figure) _____.

CALCULATION:

$$\frac{\text{(1) IDEA-Eligible Children Participating in Schoolwide Program}}{\text{(2) Entitlement}} \times \frac{\text{(3) Child Count}}{\text{Total Amount Allowed for Schoolwide Program}} = \$$$

If you have questions regarding completion of this form, please call Marilyn Pearson at (406) 444-4428.
